REU Alumni Panel

CISE REU PI Meeting 2023, Austin, Texas – April 2023

Thursday, April 20, 2023
4:00-5:00 PM in Primrose AB
In this session, you will hear from former REU students who will share their experiences and insights into how the REU program has impacted their lives. They'll discuss what they learned during their time in the program, the research and professional development opportunities it has provided them, and how they leveraged their REU experiences to pursue further education or careers in their field. You'll also have the opportunity to ask questions and engage in a discussion with the former students.
ALAN GARCIA

Hometown: Pflugerville, Texas
